# Dangerous Goods
## DG Declaration standards

Any form of Dangerous Goods Declaration is acceptable as long as it meets the basic criteria. The declaration shall be identified with a bold heading or a striped border around the page and contain the following information:

a. The UN number – the number must be preceded by the letters UN

b. The proper shipping name of the goods and the technical names for "N.O.S" if applicable, enclosed in parenthesis – as determined according to 2.0.8 of the Dangerous Goods NZ Standards

c. The Class and Subsidiary Risks

d. The Packing Group (if applicable)

e. The number and kind of packages and total quantity of goods – the number is the outer unit the product is packed into, the kind of package is what the packaging is made from ie cardboard carton, fibreboard box, plastic jerrycan. The total quantity of goods is declared either as gross or net, volume or mass, depending on what the Declaration heading indicates

f. Information about the consignor, as follows :

I. The name, the address and, if available, a contact telephone number for consignor

II. The name and signature of the consignor or the consignor's agent, and a statement confirming that all the information is correct and the packaging, labelling and marking requirements of the Dangerous Goods Rule have been complied with, and

III. The date on which the Dangerous Goods Declaration is prepared

g. The name and address of the consigngee

h. If product is DGLQ, this must be included on the Declaration

i. A 24-hour emergency response telephone number for use in the event of an incident involving dangerous goods. If the above is not possible, then 111 should be used
